

SKIN CONSULTATION

Complimentary skin consultation will be given prior to any treatment to evaluate your skin and create a tailored regimen. Involves a thorough skin analysis, a review of your medical history, lifestyle factors, and current products to address specific concerns like acne, aging, allergies or sensitivity.

MAKEUP CONSULTATION

A 60 minute personalized makeup consultation designed to define your ideal look, whether for a special occasion or daily routine. We will analyze your skin type and tone, color-match foundations, and discuss style preferences to create a customized beauty plan. **\$35**

\$35 fee may be applied towards purchase of makeup

FACIALS / PEELS

Custom Facial – Starting with a personalized skin assessment, we will use the appropriate products for your skin's condition to cleanse, exfoliate, tone and hydrate. **\$100**

Light Refresh Peel – a gentle, chemical peel using 30% malic acid and 5% salicylic acid to improve skin clarity, texture and brightness with no downtime. Ideal for all skin types, including sensitive skin and used to reduce mild acne, fine lines and dullness. **\$125**

*each additional area **\$25**

Mal-e Acid Peel – Improves skin texture, brightness and hydration with minimal downtime. It is designed to address fine lines, dark spots, acne, and rough texture while being gentle enough for sensitive skin. **\$150**

*each additional area **\$35**

Sal-e Acid Peel – A salicylic acid-based chemical peel designed to deeply cleanse pores, reduce acne, and improve skin texture, primarily targeting oily or acne-prone skin. It offers anti-bacterial and anti-inflammatory benefits to enhance skin clarity with minimal downtime. **\$150**

*each additional area **\$35**

Enzyme Peel – a natural alternative peel utilizing a blend of fruit extracts and enzymes to exfoliate without the use of granules or abrasives. **\$100**

*each additional area **\$25**

Sal-e/Mal-e Acid Peel Combination– A two layer superficial treatment designed to improve skin clarity, texture and brightness with minimal downtime. Sal-E (salicylic acid) cleanses pores and reduces acne, while Male-E (malic acid) hydrates and brightens, making it an effective duo for acne, hyperpigmentation & aging. **\$250**

Package of 3 Sal-e/Mal-e Peels **\$600**

*add each additional area **\$70**

Advanced Corrective Peel – Face A stronger peel that dramatically diminishes the appearance of discoloration, smoothes texture and refines the appearance of pores. Mild sheet peeling is to be expected. A follow up dermaplane treatment is recommended. Downtime is 7-10 days. **\$195**

*each additional area **\$75**

*treat per spot **\$25**

PRX Derm Perfection– a "no peel" biorevitalization treatment with a blend of 33% TCA, Hydrogen Peroxide, and Kojic Acid to deeply stimulate skin regeneration without damaging the surface. It acts as a bio-stimulator, delivering immediate lifting, hydration, and long-term collagen production to treat sagging, scars, and dullness with no downtime. **\$350**

*Pkg of 4 tx's w/3 full size products **\$1200**

*each additional area **\$100**

Chrysalis Peel System– A medium-depth, TRUE ZERO downtime Italian chemical peel designed to resurface and remodel skin with no visible shedding or social interruption. Using a 37% blend of acids (including Mandelic, Salicylic, and Glycolic), it treats fine lines, acne, and pigmentation through invisible "micronized exfoliation". **\$300**

*Pkg of 4 tx's w/2 full size products **\$1000**

*each additional area **\$100**

BACK FACIAL TREATMENT

Similar to a traditional facial, designed specifically to deep cleanse, exfoliate, extract impurities, and hydrate the often neglected back. **\$100**

SKIN RESURFACING & INFUSION

Dermaplane – A non-invasive procedure using a sterile surgical scalpel to gently scrape off dead skin cells and vellus hair (peach fuzz). It creates a smooth, bright complexion, enhances skin care product absorption and provides a flawless canvas for makeup. Treatment is followed by a calming, hydrating firming masque. **\$100**

Dermafile – A natural, holistic, safe, and very effective treatment. Finely crushed cosmetic diamonds are used to polish the skin. This treatment is safe for most skin types including pregnant and lactating women. **\$125**

DermaSweep – This skin resurfacing system uses vacuum pressure to deliver superior, particle free, microdermabrasion. The finishing step is our Epi-infusion which gently buffs the skin with corrective serums for an even longer lasting result. Suitable for all skin types. **\$155**

*each additional area **\$50**

Juvasonic Facial Treatment – Is a non-invasive needle free aesthetic treatment that uses high frequency sonic vibrations and LED light to temporarily open micro-pathways in the skin's barrier (stratum corneum). It enhances the absorption of serums, exosomes, or scalp treatments, improving skin texture, tone, and hair density without pain or downtime. **\$200**

*each additional area **\$50**

Oxygen Facial Therapy – A non-invasive treatment that combines pure oxygen with specialized serums to cleanse, nourish, and hydrate skin. It delivers pure molecular oxygen, 87 vitamins, minerals, amino acids and enzymes deep into the dermal layer to stimulate collagen/elastin production. **\$155**

*each additional area **\$50**

JUVASONIC LC SCALP TREATMENT

A regenerative, non-surgical procedure designed to combat hair loss and thinning by using growth factor serums to stimulate dormant hair follicles, improve scalp health, and increase hair density. 6-8 Treatments recommended **\$275 ea**

MEDICAL GRADE CELLUMA LED LIGHT THERAPY

Additional Areas Treated \$25 ea

Anti-Aging: Minimizes fine lines and wrinkles by promoting fibroblast activity to build collagen
Each treatment \$40
Pkg of 8 treatments 2x/week for 4wks
